Why attend

Airports must be ready for aircraft accidents, fires, security incidents and other emergencies. This course covers airport emergency planning: regulatory requirements, emergency scenarios, emergency operations centres, roles of airport and external agencies, rescue and firefighting coordination, passenger and family assistance, exercises and plan maintenance.

Coordinated airport emergency response saves lives. You will learn how airport emergency plans are built and tested.

Professional Problems This Course Is Designed to Solve

• Difficulty translating subject knowledge into practical workplace decisions.
• Inconsistent approaches to the activities covered in the course outline.
• Lack of a structured plan for applying and reviewing new skills.

Course methodology

Scenario workshops, case studies of aviation incidents, coordination exercises and exercise planning.
