Why attend

Municipalities deliver essential services with public money and face high expectations of accountability. This course covers auditing local government services: revenue collection, permits and licences, procurement, grants, asset management, service delivery performance and citizen-facing processes.

Local services affect citizens daily and are vulnerable to inefficiency and corruption. You will learn audit approaches tailored to municipalities.

Professional Problems This Course Is Designed to Solve

• Difficulty translating subject knowledge into practical workplace decisions.
• Inconsistent approaches to the activities covered in the course outline.
• Lack of a structured plan for applying and reviewing new skills.

Course methodology

Municipal case studies, audit programme development, data testing and performance audit exercises.

Course objectives

By the end of this course, participants will be able to:
• Understand municipal risks and governance
• Audit revenue collection and billing
• Audit permits, licences and inspections
• Review municipal procurement and grants
• Assess asset and infrastructure management
• Evaluate service delivery performance

Target audience

This course is suitable for:
• Municipal and government auditors
• Internal auditors in local government
• Public finance officers
• Performance auditors
• Oversight body staff

Course content
