Why attend

Payroll is a large cost and a common target for fraud such as ghost employees and unauthorised pay changes. This course covers payroll auditing: payroll risks and controls, employee master data, pay calculations, overtime and allowances, statutory deductions, payments, reconciliations and payroll analytics.

Payroll fraud and errors can continue unnoticed for years. You will learn effective tests to detect them.

Professional Problems This Course Is Designed to Solve

- Difficulty translating subject knowledge into practical workplace decisions.
- Inconsistent approaches to the activities covered in the course outline.
- Lack of a structured plan for applying and reviewing new skills.

Course methodology

Analytics exercises on payroll data, control testing, case studies of payroll fraud and reporting practice.

Course objectives

By the end of this course, participants will be able to:

- Identify payroll risks and key controls
- Test employee master data changes
- Verify pay calculations and allowances
- Audit overtime and variable pay
- Review deductions, payments and reconciliations
- Apply analytics to detect payroll fraud

Target audience

This course is suitable for:

- Internal auditors
- Payroll managers
- HR compliance staff
- Finance controllers
- Fraud examiners
