Why attend

COBIT® 2019 Foundation – Governance of Enterprise IT Training Course provides a structured and practical introduction to one of the world's most widely recognized IT governance frameworks.

In an era where technology directly impacts business performance, compliance, and risk exposure, organizations need a clear governance approach to ensure IT delivers measurable value. This training course explains how effective governance enables alignment between enterprise objectives and IT-related goals while maintaining transparency and accountability. This COBIT 2019 training course clearly distinguishes governance from management, helping participants understand decision-making structures, performance oversight, and responsibility models within enterprise IT. It introduces the principles, components, and governance system of COBIT 2019, showing how organizations can design and tailor governance systems to fit their size, strategy, and regulatory environment. The course also explains how COBIT complements and integrates with established standards such as ISO 27001, ITIL, NIST, and risk management frameworks. Designed as a foundation-level learning experience, this training course builds confidence in applying COBIT concepts in real organizational contexts. Participants gain the knowledge required to support governance initiatives, contribute to audits and assessments, and improve value delivery, risk management, and resource optimization. By the end of the course, learners are well prepared to communicate governance concepts effectively and progress toward further COBIT training or certification.

Professional Problems This Course Is Designed to Solve

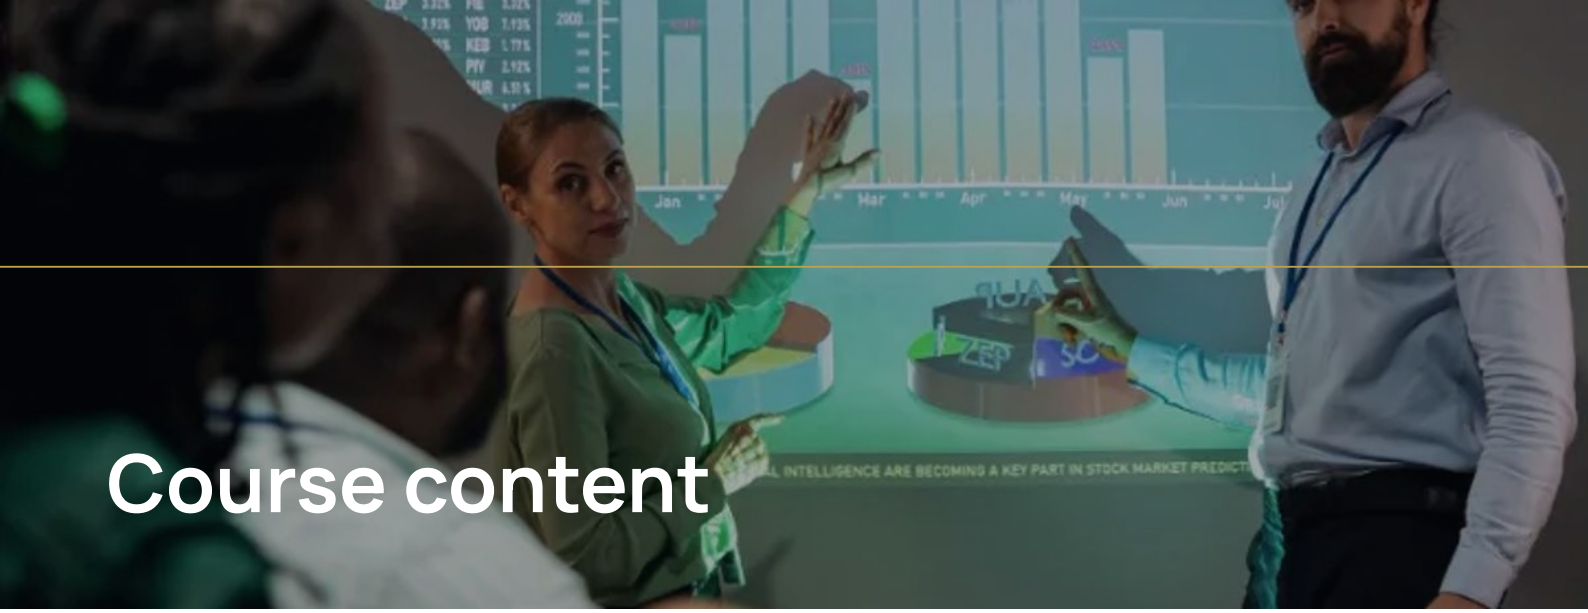

• Difficulty translating subject knowledge into practical workplace decisions.
• Inconsistent approaches to the activities covered in the course outline.
• Lack of a structured plan for applying and reviewing new skills.

Course methodology

This training course is designed to provide participants with a clear and practical understanding of COBIT 2019 and its role in the governance of enterprise IT. It focuses on building foundational knowledge while connecting governance concepts to real organizational challenges and decision-making needs.

Course objectives

By the end of this training course, participants will be able to:
• Understand the purpose, scope, and value of the COBIT 2019 framework
• Clearly differentiate between governance and management of enterprise IT
• Explain COBIT 2019 principles, components, and the governance system
• Translate enterprise goals into aligned IT-related objectives
• Understand COBIT governance and management objectives and domains

Course content

- Recognize roles, responsibilities, and accountability structures within IT governance
- Apply COBIT concepts to enhance value delivery, risk management, and resource optimization
- Prepare for COBIT 2019 Foundation-level assessments or further advanced COBIT training

Target audience

This training course is suitable for professionals who are involved in governing, managing, auditing, or supporting enterprise IT and digital initiatives.

- CIOs, IT directors, and IT managers
- Governance, Risk, and Compliance (GRC) professionals
- Internal and external IT auditors
- Risk managers and compliance officers
- Cybersecurity and information security professionals
- Digital transformation and enterprise architecture teams
- Business managers involved in IT-related decision-making
- Consultants and advisors working in IT governance and assurance

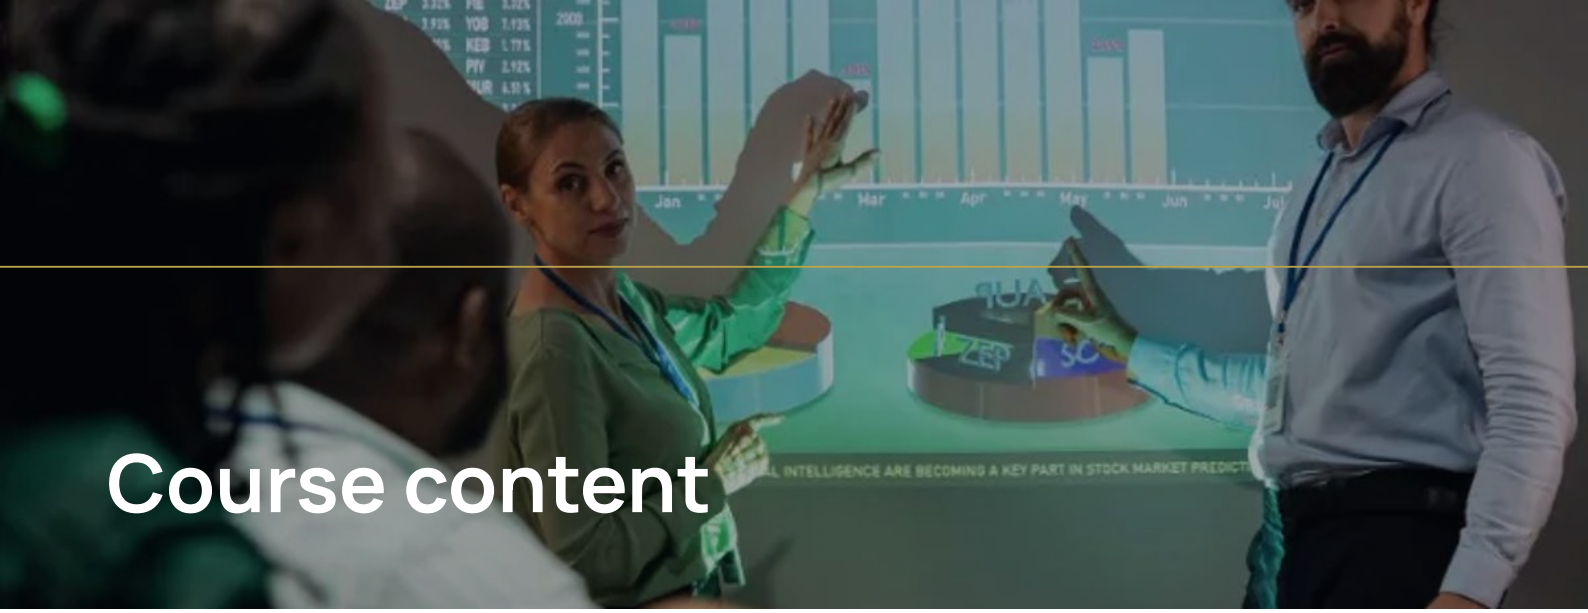

Course outline

Day 1: Introduction to Governance of Enterprise IT

09:00–09:45	The evolving role of IT in modern organizations
09:45–10:30	Why IT governance is critical for business success
10:30–11:00	Key challenges in managing and governing IT
11:00–11:30	**Coffee break**
11:30–11:45	Key challenges in managing and governing IT (continued)
11:45–12:30	Overview of COBIT framework evolution
12:30–13:15	Introduction to COBIT® 2019: purpose and benefits
13:15–14:00	COBIT within the landscape of global frameworks and standards

Day 2: COBIT 2019 Principles and Governance System

09:00–09:54	Overview of COBIT 2019 framework structure
09:54–10:48	Principles for a governance system

Course content

10:48–11:00	Principles for a governance framework (Processes, Organizational structures, Policies and procedures, Information flows, Culture, ethics, and behavior, Skills and competencies)
11:00–11:30	**Coffee break**
11:30–12:12	Principles for a governance framework (Processes, Organizational structures, Policies and procedures, Information flows, Culture, ethics, and behavior, Skills and competencies) (continued)
12:12–13:06	Components of the COBIT governance system
13:06–14:00	Governance system design factors

Day 3: Governance and Management Objectives

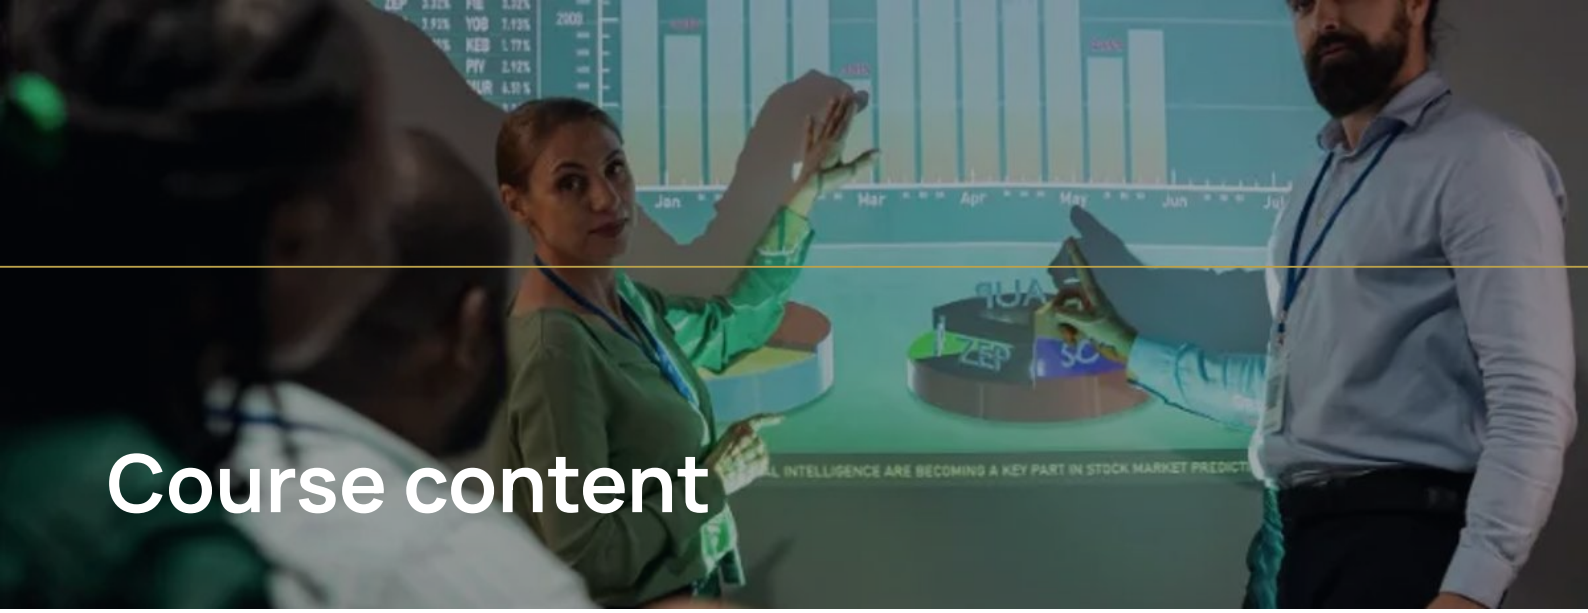

09:00–10:08	Understanding governance vs. management
10:08–11:00	COBIT governance domains overview (EDM)
11:00–11:30	**Coffee break**
11:30–11:45	COBIT governance domains overview (EDM) (continued)
11:45–12:53	COBIT management domains overview (APO, BAI, DSS, MEA)
12:53–14:00	Introduction to governance and management objectives

Day 4: Goals Cascade and Performance Management

09:00–09:45	The COBIT goals cascade explained
09:45–10:30	Translating stakeholder needs into enterprise goals
10:30–11:00	Mapping enterprise goals to IT-related goals
11:00–11:30	**Coffee break**
11:30–11:45	Mapping enterprise goals to IT-related goals (continued)
11:45–12:30	Alignment of goals with governance objectives
12:30–13:15	COBIT performance management concepts
13:15–14:00	Capability levels and maturity thinking

Day 5: Designing and Applying COBIT 2019

09:00–09:45	Tailoring COBIT to organizational context

Course content

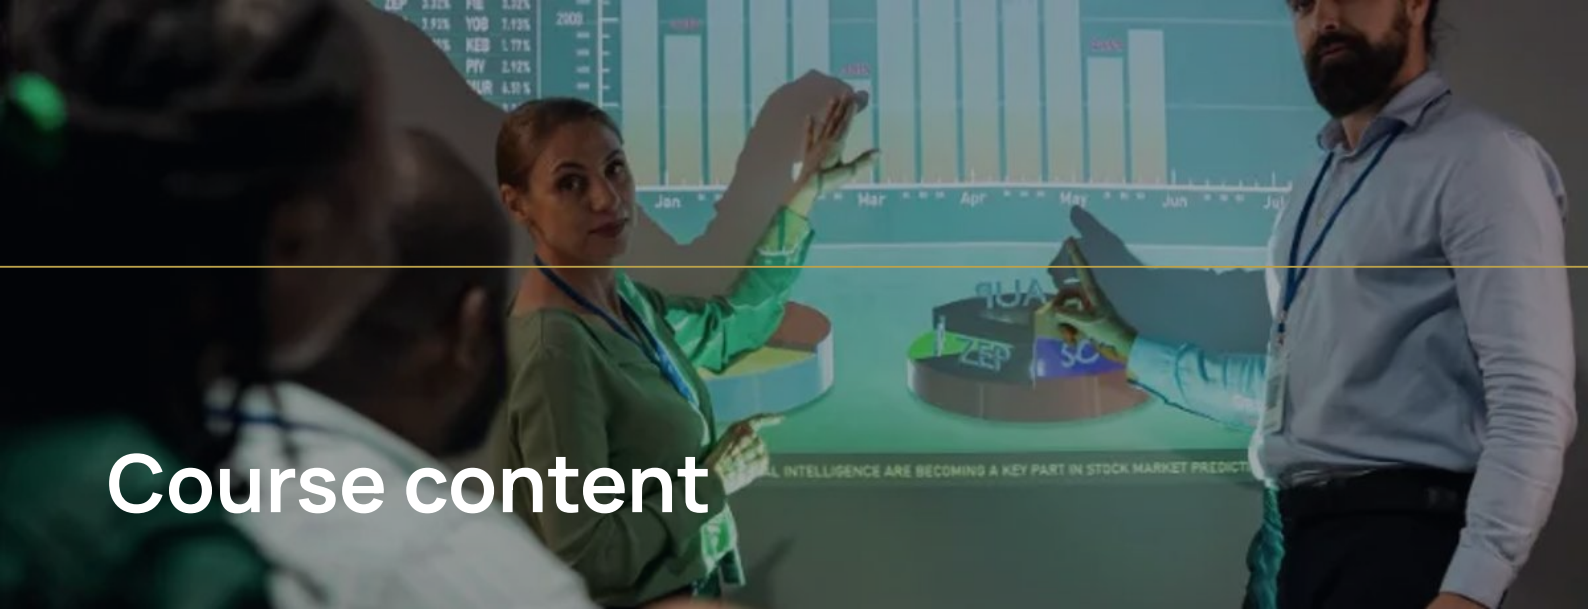

09:45–10:30	Introduction to COBIT design and implementation concepts
10:30–11:00	Roles, responsibilities, and accountability models
11:00–11:30	**Coffee break**
11:30–11:45	Roles, responsibilities, and accountability models (continued)
11:45–12:30	Integrating COBIT with ISO, ITIL, NIST, and risk frameworks
12:30–13:15	Common implementation challenges and success factors
13:15–14:00	Course review, key takeaways, and next steps

The timings provided are estimates and may vary depending on the number of participants and the discussions taking place during the sessions. They are indicative only and do not constitute a binding commitment.
