Why attend

Healthcare organisations operate under extensive regulation covering patient safety, data, billing, licensing and professional conduct. This course covers healthcare compliance: regulatory landscape, compliance programmes, patient data protection, billing and coding integrity, licensing and accreditation, incident reporting and compliance audits.

Compliance failures in healthcare harm patients and lead to sanctions. You will learn to build an effective healthcare compliance programme.

Professional Problems This Course Is Designed to Solve

• Difficulty translating subject knowledge into practical workplace decisions.
• Inconsistent approaches to the activities covered in the course outline.
• Lack of a structured plan for applying and reviewing new skills.

Course methodology

Regulatory briefings, programme design workshops, healthcare case studies and audit exercises.

Course objectives

By the end of this course, participants will be able to:
• Explain the healthcare regulatory landscape
• Design a healthcare compliance programme
• Protect patient data and confidentiality
• Ensure billing and coding integrity
• Prepare for licensing and accreditation
• Monitor compliance and handle incidents
