Why attend

Customers expect sales professionals to understand their business and recommend relevant solutions. This course develops consultative selling skills, including preparation and research, questioning, understanding business needs, building value propositions, handling objections, negotiating and closing complex sales.

Product-focused selling no longer works for complex purchases. This course helps you become a trusted adviser who wins more business.

Professional Problems This Course Is Designed to Solve

• Difficulty translating subject knowledge into practical workplace decisions.
• Inconsistent approaches to the activities covered in the course outline.
• Lack of a structured plan for applying and reviewing new skills.

Course methodology

The course uses role plays, call planning exercises, case studies and peer feedback.

Course objectives

By the end of this course, participants will be able to:
• Apply a consultative sales process
• Research and prepare for customer meetings
• Use questioning to uncover needs and impact
• Present tailored solutions and value
• Handle objections and negotiate
• Advance and close complex opportunities

Target audience

This course is suitable for:
• Sales professionals
• Account managers
• Business development managers
• Technical sales and pre-sales staff
• Consultants

Course content

Target competencies

Participants will develop competencies in:

- Consultative selling
- Needs discovery
