Why attend

Plans that are not exercised often fail when needed. This course covers designing and running continuity exercises, from walkthroughs and tabletop exercises to simulations and live tests, including objectives, scenario design, facilitation, evaluation, reporting and improvement tracking.

Regular, well-designed exercises build confidence and expose gaps before a real incident. This course gives you the skills to run effective exercises.

Professional Problems This Course Is Designed to Solve

- Difficulty translating subject knowledge into practical workplace decisions.
- Inconsistent approaches to the activities covered in the course outline.
- Lack of a structured plan for applying and reviewing new skills.

Course methodology

The course uses exercise design workshops, facilitation practice, a full tabletop exercise and evaluation activities.

Course objectives

By the end of this course, participants will be able to:

- Explain exercise types and their purposes
- Set exercise objectives and scope
- Design realistic scenarios and injects
- Facilitate exercises effectively
- Evaluate performance and capture lessons
- Report results and track improvements

Target audience

This course is suitable for:

- Business continuity managers
- Crisis management coordinators
- IT disaster recovery professionals
- Risk managers
- Emergency planners

Course content

Target competencies

Participants will develop competencies in:

- Exercise design
- Scenario development
- Facilitation
- Evaluation
- Reporting
- Improvement tracking
