Why attend

Freight costs are volatile and carrier performance directly affects customer service. This course covers buying and managing freight: understanding freight markets, tendering road, sea and air freight, rate structures and surcharges, carrier selection, contracts, performance management and freight audit.

Smarter freight procurement can save significant costs while improving service. You will learn how professional shippers buy and manage transport.

Professional Problems This Course Is Designed to Solve

• Difficulty translating subject knowledge into practical workplace decisions.
• Inconsistent approaches to the activities covered in the course outline.
• Lack of a structured plan for applying and reviewing new skills.

Course methodology

Tender design exercises, rate analysis, carrier scorecards and case studies.

Course objectives

By the end of this course, participants will be able to:
• Understand freight markets and pricing
• Prepare and run freight tenders
• Analyse rates, surcharges and accessorials
• Select and contract carriers
• Monitor carrier performance
• Audit freight invoices

Target audience
