Why attend

ISO 14001 helps organisations manage environmental responsibilities systematically. This course covers the standard's requirements, environmental aspects and impacts, compliance obligations, objectives, operational control, emergency preparedness, performance evaluation and integration with other management systems.

Customers, regulators and investors expect strong environmental management. This course helps you implement or improve an ISO 14001 system.

Professional Problems This Course Is Designed to Solve

• Difficulty translating subject knowledge into practical workplace decisions.
• Inconsistent approaches to the activities covered in the course outline.
• Lack of a structured plan for applying and reviewing new skills.

Course methodology

The course uses aspect and impact workshops, case studies, documentation reviews and implementation planning. It is not a certified auditor course.

Course objectives

By the end of this course, participants will be able to:
• Explain the structure and requirements of ISO 14001
• Identify environmental aspects and significant impacts
• Determine compliance obligations
