Why attend

Many managers sign or negotiate contracts without legal training. This course teaches non-lawyers how to read and review contracts confidently: contract structure, key clauses, risk allocation, liability and indemnities, termination, dispute resolution, plain drafting techniques and when to involve lawyers.

Missing a risky clause can be very costly. You will learn to spot issues and draft clearly before contracts are signed.

Professional Problems This Course Is Designed to Solve

• Difficulty translating subject knowledge into practical workplace decisions.
• Inconsistent approaches to the activities covered in the course outline.
• Lack of a structured plan for applying and reviewing new skills.
