Why attend

Performance auditing assesses whether organisations use resources economically, efficiently and effectively. This course covers performance audit principles, topic selection, audit design, criteria, evidence, analysis, findings and recommendations, and reporting for public and private sector auditors.

Stakeholders want to know not just whether money was spent correctly, but whether it achieved results. This course helps auditors assess performance and value for money.

Professional Problems This Course Is Designed to Solve

- Difficulty translating subject knowledge into practical workplace decisions.
- Inconsistent approaches to the activities covered in the course outline.
- Lack of a structured plan for applying and reviewing new skills.

Course methodology

The course uses case studies, audit design workshops, evidence analysis and report writing.

Course objectives

By the end of this course, participants will be able to:
- Explain performance and value-for-money audit principles
- Select and scope performance audit topics
- Design audits and develop criteria
- Gather and analyse evidence
- Develop findings and recommendations
- Write clear performance audit reports

Target audience

This course is suitable for:
- Internal auditors
- Public sector auditors
- Inspectors and evaluators
- Performance managers
- Audit committee members

Course content

Target competencies

Participants will develop competencies in:

- Audit design
- Criteria development
