Course content

Why attend

Risk appetite tells management how much risk the board is willing to take in pursuit of objectives. This course explains how to define risk appetite statements, translate them into limits and tolerances, link appetite to strategy and decisions, monitor with key risk indicators and report risk clearly to boards.

Without a clear risk appetite, decisions are inconsistent and risk reporting lacks meaning. You will learn to make appetite practical.

Professional Problems This Course Is Designed to Solve

- Difficulty translating subject knowledge into practical workplace decisions.
- Inconsistent approaches to the activities covered in the course outline.
- Lack of a structured plan for applying and reviewing new skills.

Course methodology

Appetite statement drafting, limit-setting exercises, reporting design and case studies from banks and corporates.

Course objectives

By the end of this course, participants will be able to:

- Explain risk appetite, tolerance and capacity
- Draft qualitative and quantitative appetite statements
- Translate appetite into limits and indicators
- Use appetite in strategic and operational decisions
- Monitor and escalate breaches
- Report risk against appetite to boards

Target audience

This course is suitable for:

- Risk managers
- Chief risk officers
- Board and risk committee members
- Strategy and finance professionals
- Compliance officers

Course content

Target competencies

Participants will develop competencies in:

- Appetite definition
- Limit setting
- KRI design
- Escalation
- Board reporting
